

Popular Topics of the Day.

This filibustering business is growing monotonous; the people who are engaged in manufacturing rumors should switch off and do something else or the government will lose confidence in them. Such reports do the country no good and we fail to see where the rumor makers are benefited—Hawaii does not seem to mind it much for things are as quiet and peaceful here as in a well conducted grave-yard.

We believe we have quite the best stock of leather in Honolulu and it comprises besides sole leather the celebrated Speits light and heavy harness leather, and leather for saddles. The best of russett and red calf skins. Leather for carriage makers, colored lining skins and soft dash leather. All kinds of leather is higher today than it was two months ago; in some instances it has advanced as much as ten per cent, but as we were well stocked before the rise we can sell at the same old price and perhaps a little lower. We have a very complete stock of Shoe and Harness findings and tools for all kinds of leather work—the price of which is entirely satisfactory to all of our customers.

We have the goods and the prices will suit you.

REMOVAL OF GARBAGE TO BE DONE BY CONTRACT.

Two Kona's Each to Have a Doctor
---Report of Insane Asylum
---Nuisances.

At the meeting of the Board of Health yesterday it was decided, agreeable with the proposal made at the previous meeting, to have a Government physician in each district of North and South Kona. Dr. Lindley, who has been physician for both districts, is appointed to South Kona, and Dr. McWayne to North Kona.

The report of the Insane Asylum for the quarter ended June 30, showed 85 patients there at that date, 69 males and 16 females, divided as follows: 25 Hawaiians, 21 Chinese, 15 Portuguese, 5 Japanese, 6 Americans, 1 English, 3 German, 2 Norwegian, 1 Canadian, 1 Manilla, 1 Central American, 3 South Sea Islanders and 1 East Indian.

Attention was called by Dr. Herbert, medical superintendent, to the lack of protection from fire. He recommended the purchase of fire extinguishers for the Asylum, and the executive officer was instructed to investigate the matter and report. The same officer will, in conjunction with the superintendent of public works, see what repairs are needed to the buildings.

Dr. Hyde was granted permission to visit the leper settlement on Y. M. C. A. business next week.

Dr. Wayson was deputed to treat cases of measles at Kalihi. The Sanitary Committee reported as follows:

"Your committee to whom was referred the petition for a three years, privilege of removing the garbage from that portion of the city known as Chinatown, beg leave to report that they were at first favorably inclined towards granting such permit, for the following reasons:

"1st. The section of the city that the petitioners propose to look after is most densely populated, and therefore consumes the greater portion of the time of the employees of the Board, and if the applicants are willing to perform this work, and do it in a satisfactory manner without further expense to the Board than that of inspecting the work, it did seem to your committee that it was desirable that such an agreement be entered into.

"2nd. We believe the petitioners are responsible men, and therefore the duty devolving upon the agents of the Board in inspecting the said portions of the city and seeing that same is at all times kept in a satisfactory sanitary condition, would be very simple.

"3rd. The teams and employees of the Board being thus relieved would have more time to attend to other portions of the city and immediate outlying districts, and perform such work in a more satisfactory manner.

"After several discussions and through the energetic efforts of Mr. Reynolds, agent of the Board, we are today of the opinion that it is possible to have the entire city cleaned, and if not with a revenue certainly without any expense to the Board. It is well known that in many cities and towns the privilege of removing garbage, etc., is deemed to be of such value as to be paid for, thus providing a matter of revenue.

"The refuse in great proportions being used as a fertilizer, the sweepings of stores, hotels, restaurants and dwellings being sorted over for articles of value, old iron, copper, etc., paper even being assorted, the white from the colored, all of which have some commercial value. The letter of inquiry that Mr. Reynolds is able to present to the Board would seem to indicate that such can be accomplished, and we would therefore recommend that no privilege for a special section of the city be granted at present, but that the matter be given more prominent publicity and that tenders be invited for removing all garbage and contents of cesspools

within the city limits, boundaries to be specified, and the work at all times to be under the supervision and the control of the Board through its agent or agents. Respectfully submitted,

N. B. EMERSON,
THEO. F. LANSING."

A. F. Cooke communicated his willingness to tender for the removal of all garbage, to be utilized by the Hawaiian Fertilizing Company.

Officer Reynolds submitted forms of exclusive franchise for the whole scavenger work, with specifications, etc.

Wash houses and poi shops were discussed as nuisances.

It was agreed that newspaper reporters should have equal privileges of boarding steamers with business men.

There will be no meeting next Wednesday, on account of the sailing of the steamer Australia.
